## Menda® - The Standard for Tools and Workbench Accessories

### To Our Customers

The MENDA® brand name has been synonymous with innovation and quality since 1947. MENDA is famous for its high performance line of "dish type" liquid dispenser pumps and bottles. These pumps and bottles are now widely used in industrial electronics assembly, cleanroom, medical, and beauty applications. The MENDA brand is recognized around the world as the "standard" for finger touch liquid dispensing. People do not ask for a dispenser bottle, they ask for a MENDA bottle! However, MENDA is no longer just a dispenser pump and bottle company. The MENDA product offering now includes specialty tools such as: Circuitracers®, Soldering Aids, Cable Management, ESD Brushes, ESD Vacuums, Lotion and in this catalog we are introducing a new product offering of various Identification Holders.

In September of 2000, Desco Industries Inc. (DII), a leading manufacturer of ESD control products, acquired MENDA. Menda is now the Specialty Tools division of DII. MENDA's strategy is to diversify into markets other than ESD. These markets include Electronics, Beauty, Fiber Optics, Medical, and many other Specialty markets. MENDA's core product offering includes various consumable items that are needed on an end user's workstation.

DII is proud to be an employee-owned company with an unrelenting commitment to quality, performance, and customer service. DII is well known and respected for manufacturing and has been providing quality products to the electronic assembly industry for over 20 years. In this catalog, you will find many of the standard items you have appreciated and used for years, as well as many new items to help you with more of your assembly requirements. DII's commitment is to innovation and future technology. With DII's leadership role in the market and its desire to continuously introduce new items, you can count on MENDA to offer many more creative and functional items in the future.

### We manufacture our products in the United States of America.

We are very proud of making what we sell in our manufacturing locations in Santa Barbara and Chino, California; Marlboro and Canton, Massachusetts; Rochester, New Hampshire; and Miami, Florida. If you are ever in these areas, we welcome the opportunity to show you around.

We sell our products primarily through local distributors. We believe that local companies with local inventory service you, our customer, the best. They also have an understanding of your local business. Our distribution base consists of a worldwide network of strategic business partners. Please see our MendaPump.com web site for a complete list of distributors in your area.

Menda Office, Santa Barbara CA.

## We Guarantee That You Will Be Satisfied With Our Products

We have always had a policy of replacement or refund if you are not completely satisfied. We want you to be satisfied with each product that we produce. We make every effort to see to it that our products are of the highest quality and meet all appropriate recognized industry standards. Since we cannot guarantee that all products are applicable to all situations and that the data we provide from many sources is reliable and accurate for all situations, our lawyers want you to know that...

*All statements, technical data, and recommendations contained herein are based upon tests we believe to be reliable. However, the accuracy or completeness thereof is not guaranteed. The proper and correct application of products and data is the responsibility of the user. The following is made in lieu of all warranties, expressed or implied:*

*Menda's only obligation shall be to replace such quantities of product proved to be defective. Menda shall not be liable for any injury, loss, or damage, direct or consequential, arising out of the use of or the inability to use the product. Before using, users shall determine the suitability of the product for their intended use, and users assume all risk and liability whatsoever in connection therewith.*

*No statement or recommendation not contained herein shall have any force or effect unless embodied in a written agreement signed by authorized officers of Desco Industries, Inc.*

<b>35043</b>	Badge Holder, Color Top, Vertical Format, Blue 4-1/2" x 4-1/4" (OD), 4-1/4" x 3-3/8" (Insert Size)

35032

35039

### Flap or Zipper Closures

- Keeps out dirt and moisture
- Made of thicker yet softer, more flexible .020" vinyl that carries thicker cards or multiple cards without splitting
- Excellent for proximity cards
- Can be ordered with optional anti-print transfer vinyl
- Made in America

<b>35044</b>	Badge Holder, Flap Closure, Vertical Format 3" x 5" (OD), 2-5/8" x 3-7/8" (Insert Size)
<b>35045</b>	Badge Holder, Flap Closure, Horizontal Format 4-1/4" x 3-7/16" (OD), 3-7/8" x 2-5/8" (Insert Size)
<b>35046</b>	Badge Holder, Zipper Closure, Vertical Format 3" x 5" (OD), 2-5/8" x 3-7/8" (Insert Size)
<b>35047</b>	Badge Holder, Zipper Closure, Horizontal Format 4-1/4" x 3-5/8" (OD), 3-7/8" x 2-5/8" (Insert Size)

35047

35046

### Proximity Card Holders

- The slot is through the front and back of the holder, so using a strap clip "locks in" the card
- The front and back are each .020" thick (.040" total); items 35055/35056 have .030" thick back - handles even thicker cards or multiple cards without splitting
- Can be ordered with optional anti-print transfer vinyl
- Made in America

<b>35052</b>	S-Series Proximity Card Holder, Vertical Format 2-5/8" x 4-3/8" (OD), 2-1/8" x 3-3/8" (Insert Size)
<b>35053</b>	S-Series Proximity Card Holder, Vertical Format 2-13/16" x 4-3/8" (OD), 2-3/8" x 3-3/8" (Insert Size)
<b>35054</b>	S-Series Proximity Card Holder, Horizontal Format 3-15/16" x 3-1/16" (OD), 3-3/8" x 2-3/8" (Insert Size)
<b>35055</b>	Heavy Duty Proximity Card Holder, Vertical Format 2-11/16" x 4-3/8" (OD), 2-1/8" x 3-3/8" (Insert Size)
<b>35056</b>	Heavy Duty Proximity Card Holder, Horizontal Format 3-15/16" x 3-1/16" (OD), 3-3/8" x 2-3/8" (Insert Size)

35056

35053

### Arm Band Badge Holders

- Fit all size arms by conveniently adjusting to the right length with one hand and without removal from the arm
- Perfect for active personnel if standard badges fall off their clothing
- Elastic band flexes with arm movement for a secure fit
- Clear arm band holders are available with a white or navy-blue band
- Available with a zipper closure to keep dirt and moisture out
- Made in America

<b>35061</b>	Arm Badge Holder, White 4" x 4-5/16" (OD), 2-3/8" x 3-3/8" (Insert Size)
<b>35062</b>	Arm Badge Holder, Navy Blue 4" x 4-5/16" (OD), 2-3/8" x 3-3/8" (Insert Size)
<b>35063</b>	Arm Badge Holder, Zipper Closure, Navy Blue 4" x 4-5/16" (OD), 2-3/8" x 3-3/8" (Insert Size)

- 35687** Dissipative Nylon Brush, Flat, 2"
- 35688** Dissipative Nylon Brush, Long Handle, 30mm
- 35689** Dissipative Nylon Brush, Curved Handle, 3" x 1.5"

### Conductive Brushes

- Brushes minimize static charge generation and dissipate ESD charges to ground when held by grounded personnel
- Dissipative polypropylene black handles are able to remove charges to ground
- Two kinds of bristles - semi fine and firm

- 35694** Conductive Brush, Flat, Semi-Fine, 1/2"
- 35695** Conductive Brush, Curved Handle, Firm

### No Toolbox is Complete Without Them

If you are looking for tools to make your life easier, consider the Menda **Small Nut Starter, Hand Sleaving Cutter, Harnessing Wire Threader, brushes and more.** Each tool is simple, yet highly effective in its respective design. How many times have you needed a tool that would hold that small nut just to get it started, or needed something to accurately cut small pieces of sleaving? What about a tool that would allow you to thread a wire in an already tied wire harness? These tools provide the solutions.

### Reztore™ Hand Lotion

- Silicone-free - non-contaminating; free of chemicals that may adversely affect solderability or cause corrosion of electronic components
- Made in America

#### Scented ESD Hand Lotion

- Special ESD formulation for the electronic manufacturing environment; will not insulate skin like regular lotions
- ESD formulation creates a superior path-to-ground

#### Unscented Hand Lotion

- No fragrance and no dyes - ideal for any user or clean rooms

35664

### Polyurethane Coated Nylon Dissipative Gloves

- Low dust and lint sloughing - choice for photo handling and other applications
- Nylon knitted glove is form fitting
- Good elasticity and ventilation, minimizing sweat build-up
- Will not snag
- Non-slip polyurethane coated palm and fingers
- Resistance 10E5 - 10E8 ohms per ESD SP15.1

## SPECIALTY TOOLS

### Portable Workstation Organizer

- Made from an extruded conductive 10E2 - 10E4 ohm polypropylene Plastek material, making it ideal to properly set up and standardize any ESD workstation
- Contains twelve cells that can be used for various items which are used on the workstation, such as MENDA dispensing bottles, lotion, flux bottles, solder spools, cutters, tweezers, wash bottles and various other workbench accessories.
- Closes securely, to keep the contents clean and make it portable
- 35875 kit includes: 1-35876 organizer, 1-35354 yellow bottle, 1-35369 green wash bottle, 1-35666 clean hand lotion, 1-35654 cable tie, 1-35689 dissipative brush
- Dimensions: 10-7/8"W x 8-1/4"D x 9-1/4"H
- Made in America

### Workstation Organizer

- Ideal for improving the appearance of the workstation and standardizing the placement of tools at any workstation
- A perfect workstation solution for companies in compliance with 5S
- Contains six cells that can be used for various items which are used on the workstation, such as MENDA dispensing bottles, lotion, flux bottles, solder spools, cutters, tweezers, wash bottles and various other workbench accessories
- The front of the workstation organizer is cut low for quick and easy access to smaller items placed in the front cells
- Dimensions: 9 1/4"W x 5 5/8" x 7"H
- Made from an Extruded Conductive polypropylene Plastic material, making it ideal to properly set up and standardize any ESD workstation
- Conductive 10E2 - 10E4 ohm material provides reliable path-to-ground
- Made in America

After

### Thermal Insulative Drinking Cup

- Replacement for static generating foam and plastic cups or bottles on the workstation
- ESD protective - Does not generate a charge; completely grounded when picked up by a grounded operator
- Reusable
- Thermal Insulated Drinking Cup - Perfect for hot or cold drinks
- 16 ounces
- Double wall Stainless Steel
- Stainless Steel push-on lid with slide opening
- Custom imprinting available - minimum 100 quantity

**35890** Thermal Insulative Drinking Cup, 16 oz

35890

### Omega Field Vac

- For cleaning Pick and Place machines, automated insertion machines, computers, printers, lab equipment, etc.
- ESD protective for minimal charge generation
- HEPA filter cartridge is 99.97% efficient @ .3 micron
- Utensils include: 6' ESD protected hose, 16" gooseneck, and brush
- Weighs 12.5 pounds with attachments
- Lead free RoHS compliant
- Three year limited warranty
- Made in America

35849

### HEPA Vac

- ESD protected vacuum for minimal charge generation
- HEPA filter cartridge is 99.97% efficient @ .3 micron
- ESD protective utensils include: hose, gooseneck, crevice tool, brush
- Lightweight - weighs only 6.5 pounds with attachments
- Lead free RoHS compliant
- Made in America

### Service Vac

- ESD protective vacuum with 120 VAC high performance motor
- Includes one cardboard shell filter with 5 replaceable bags
- ESD protected utensils include: hose, gooseneck, crevice tool, brush
- Only 6.5 lbs. with all utensils
- Great for field service applications
- ESD protective for cleaning debris from surface mount, pick and place, board routers / handlers and other equipment in your ESD protected areas
- Lead-free RoHS compliant
- Made in America

## There is only ONE Menda Pump!

**Menda's famous dish-top finger touch liquid dispensing pump and bottle.**

The Menda brand is synonymous with innovation and quality since 1947. Menda is most famous for its high-performance line of "dish type" liquid dispenser pumps and bottles. These pumps and bottles are widely used in the industrial electronics assembly, cleanroom, beauty, and medical applications. Menda is recognized around the world as the "standard" for the finger touch liquid dispensing. People do not ask for a dispensing bottle, they ask for a Menda bottle!

# MENDA

**Solvent Dispensers**

### PREVENT ACCIDENTS, WASTE

No excess fumes, no spilling, no dripping, no flash fires. Dispense no more than you want at one time. Precision, locking pump valves seal contents in bottle.

### SAVE TIME

Get the amount of fluid you want in less than a second.

### PREVENT FLUID CONTAMINATION

Fluid in Pure-Touch dispensing dish won't drip back into bottle to contaminate contents.

### LEAVE ONE HAND FREE

No need to hold bottle.

Menda's patented\* dispensers are precision instruments made in America and are ideal for dispensing solvents and other liquids. Pumps are constructed of the finest stainless steel obtainable to give a lifetime of satisfactory service. The light pressure of an applicator or sponge on the dispensing dish pumps solvent to the surface the instant you need it - perfect for cleaning with swabs, cotton balls, pads, and brushes.

A must for every work station

## Precision Instruments in Every Respect

\* U.S. Patent No. Des. 292,675  
and U.S. Patent No. 2,774,517

## There is only ONE Menda Pump!

### How to Select the Correct Bottle for Your Menda® Pump

Menda® has created an extensive bottle selection to compliment the performance and quality of the Menda pump. These standard bottles have been designed specifically to meet the demands of a variety of chemical and solvent dispensing and storage applications. Factors including fluid contamination, safety, and electrostatic discharge (ESD) protection were also taken into consideration.

For the majority of electronics and industrial applications, the standard High Density Polyethylene (**HDPE**) naturally colored, square bottles provide the ultimate level of protection and durability. HDPE is compatible with many widely used solvents and the square shape and wide bottom provide stability on your work surface. These bottles are available in several standard sizes with both stainless steel and plastic pumps.

Round bottles are offered in both brown and natural **HDPE** and **Brown Glass**. These bottles are offered with an optional "Alcohol" imprint, making them perfect for many industrial and medical applications. For those applications where plastic is a compatibility concern, the round style is available in brown glass.

The Menda **Tin** bottle will provide an extra amount of durability for those applications where plastic is non-compatible.

In the demanding world of precision electronics assembly and repair, Electro-Static Discharge (ESD) is a primary concern. Menda offers several standard bottle types to meet the requirements for ESD control. You may choose from conductive and dissipative bottles depending upon fluid type and your company's ESD control program specifications. Our conductive bottle is constructed of black HDPE. Dissipative styles from genuine **R&R Lotion®** in blue HDPE, or **Vermason durAstatic™** in yellow HDPE are also available.

#### APPLICATIONS GUIDELINES MENDA PUMPS AND BOTTLES

Chemical	Acetone	Gasoline	Isopropyl Alcohol	M.E.K.	Toluene	Turpentine	Water
<b>Bottle/Pump</b>							
HDPE/SS	E	E	E	E	G	G	E
Tin Coated Steel/SS	E	E	E	E	G	E	NR
Glass/SS	E	E	E	E	E	E	E
Dissipative HDPE/SS	G	G	E	G	NR	NR	E
Conductive HDPE/SS	E	G	G	E	G	G	E
HDPE/PP	E	NR	E	NR	NR	NR	E
LDPE	E	NR	E	NR	NR	NR	E
Glass/PP	E	NR	E	NR	NR	NR	E

**E** = Excellent      **G** = Good      **NR** = Not Recommended  
**S** = Stainless Steel Pump      **PP** = Polypropylene Pump

The applications table above is to be used as a guideline only. It is the user's responsibility to determine the suitability of a particular fluid dispensed from a Menda pump and bottle.

### One-Touch Pump

- Patented\*\*, One Touch, "one handed" operation
- Pump eliminates spraying and splashing
- Perfect for cleaning with swabs, cotton balls, pads, and brushes
- Made in America

Pump Only w/2 oz. stem w/4 oz. stem w/6 oz. stem w/8 oz. stem

### Take-Along and Pure-Take Pumps

Menda's stainless steel Pumps are also available with locks in the form of our **Take-Along and Pure-Take Pumps**. Our locking pumps are:

- Spill and leak resistant when lock is engaged
- Suitable for travel
- Ideal with portable tool kits

See [MendaPump.com](http://MendaPump.com) for details.

*No Spills!  
No Fumes!*

### Twist-Lock Pump

- Safe, one touch, "one handed" operation
- Can be locked with a simple clockwise twist
- Eliminates direct hand contact with liquids; reduces fumes and waste
- Spill and leak resistant, suitable for travel
- Made in America

35224 w/4 oz. stem

35206 w/ 8 oz. stem

35224

*Spill Proof*

### Lasting-Touch Pump

- Safe, One Touch, "one handed" operation
- Durable, lightweight polypropylene
- Convenient "Swing Lid", reduces odors, maintains purity
- Made in America

Need a Special  
Bottle or Custom  
Imprinting?  
Call for details.

Pumps are made in America. Bottles are made and/or assembled in the USA from parts made in the USA, Japan, and the UK.

### Yellow and Green durAstatic ESD Protective Bottles

- Permanently low charging HDPE durAstatic™ by Vermason®
- NO migratory additives - reduces the chance for contamination from the bottle
- Green bottles specifically for use in lead-free areas where RoHS compliant items are worked on
- High visibility yellow and green colors with ESD symbols
- 35359/35369 provide controlled delivery of solvents, cleaners, water, and oils
- 35359/35369 have angled non-drip spout that delivers single drop or fine stream
- 35377/35378 trigger spray nozzle – Spray, Stream and Off settings
- 35377/35378 provides controlled delivery of solvents, cleaners, water, and oils
