3mm Discretes > 95501A801F

| General Description |                 |
|---------------------|-----------------|
| Description         | 556 SLIM GASKET |
| Sizes               |                 |
| Series              | 955             |
| RoHS                | YES             |
| Part Number         | 95501A801F      |
| PackageOptions      |                 |
| ViewingAngle        |                 |
| LensColor           |                 |
| LampType            |                 |
| Configuration       |                 |

| Absolute Maximum Ratings (Ta = 25Â °) |  |
|---------------------------------------|--|
| ReverseVoltage                        |  |
| ReverseCurrent                        |  |
| OperatingTemp                         |  |
| ForwardCurrentPulsed                  |  |
| ForwardCurrent_mA                     |  |
| Derating                              |  |
| StorageTemp                           |  |
| SolderTemp                            |  |
