

Modular Terminal Blocks

900 Series, Medium Duty

- High circuit density—183 circuits per 6-foot length, 3/8 inch pitch
- Choice of three contact styles—tubular clamp, tubular screw, strap screw
- Sections snap-fit with Heavy Duty, Intermediate Heavy Duty, and Fuse & Switch blocks
- Readily identify circuits—mark directly on block sections or use removable marking strip. Preprinted marking strips also available.
- Rated up to 50 amperes per circuit
- Flat base models mount directly to surfaces or on miniature channel. Dovetail base mounts on standard size channel.
- Packaged for rapid handling and assembly—100 per carton
- Only one end section needed per block assembly
- Fanning strips—interlocking sectional fanning strips allow entire circuit groups to be connected and disconnected as a single unit
- Factory assembled blocks available, including marking strips and different contact sections

NEMA 900 Series is available in .375" (9.53) centerline, in direct or channel mount, tubular or strap versions, and screw, clamp or quick connect configurations. Corrosion-resistant versions are also available.

NEMA 900 Series snap fit with the Medium Duty 500, 600 and 700 Series, as well as with the Heavy Duty, Intermediate Heavy Duty and Fuse & Switch blocks.
