

EVB-LAN9352 - LAN9352 - 2-Port 10/100 Managed Ethernet Switch with 16-bit Non-PCI

☆

Part Number: EVB-LAN9352

Status: Mature Product

Summary:

The EVB-LAN9352 is a full-featured, two -port 10/100 managed Ethernet switch designed for embedded applications where performance, flexibility, ease of integration and system cost control are required. The LAN9352 combines all the functions of a 10/100 Ethernet switch system, including the Switch Fabric, packet buffers, Buffer Manager, MACs, PHY transceivers, and serial management. The LAN9352
