### Features

#### Heavy-Duty Hospital-Grade Power Cable for Devices That Require a Heavy-Gauge Connection

This hospital-grade IEC power cord features 14 AWG wire suitable for high power connections, making it a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. It is designed for computers, mobile carts, printers, scanners, monitors and other compatible equipment in a hospital or other medical facility and outside patient care vicinities. The 25-foot length allows you great flexibility in placing equipment with respect to the power outlet.

#### Locking C13 Connector Helps Prevent Accidental Disconnection and Expensive Downtime

Having a cable come loose accidentally can mean the loss of power and costly downtime.
