

PCOA-G3-16-01

PCOA SERIES

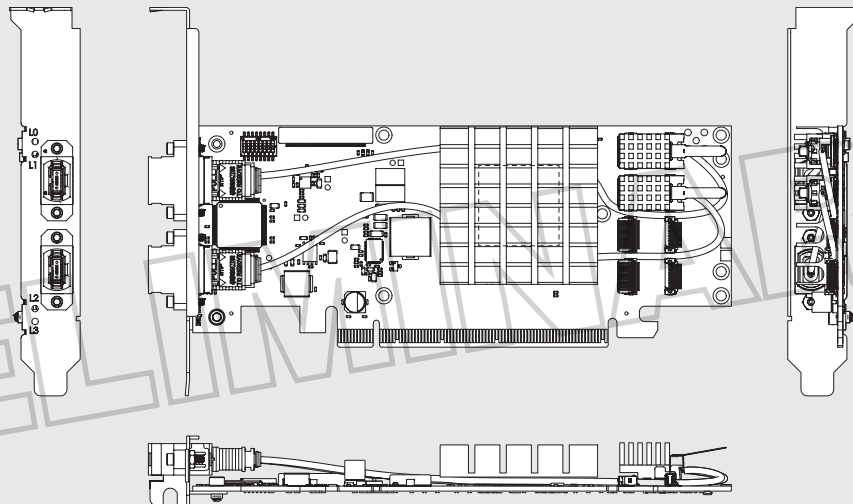

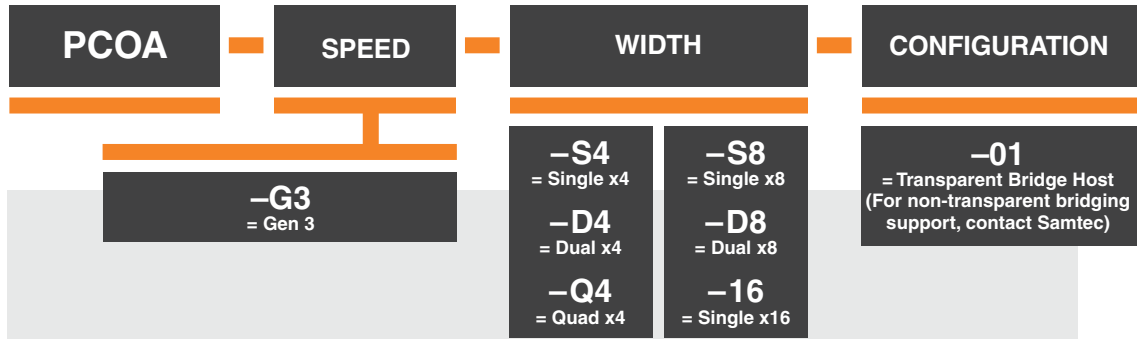

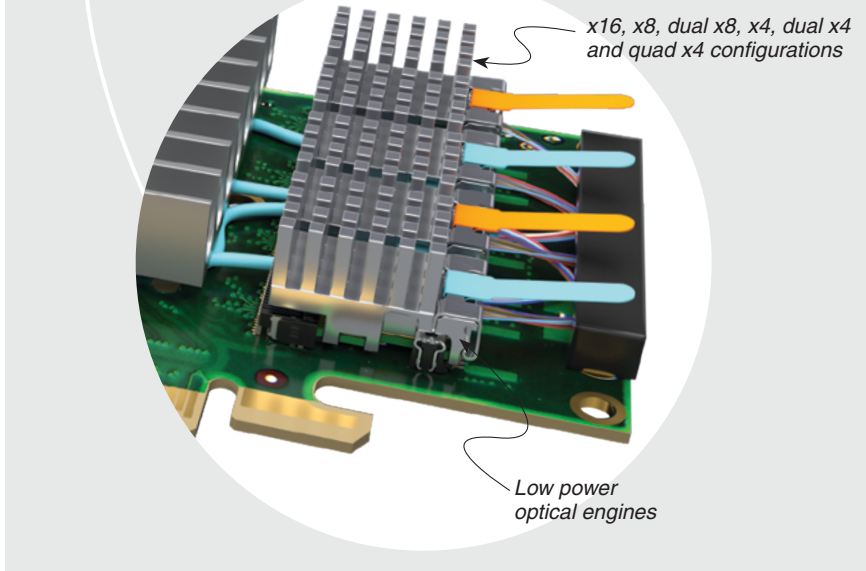

PCIe®-OVER-FIBER ADAPTOR CARD

FEATURES

- Uses PCUO FireFly™ optical cable for clear signal transmissions with increased reach and cost optimization
- Supports PCIe® Gen 3
- PCIe® x16 edge card connector
- Scalable configurations for cost optimized performance
- Transparent or non-transparent bridging for system flexibility and multi-processor support
- Reconfigurable host or target operation
- Gen 4 in development
- Ideal for high-performance and applications requiring robust data transmission

SPECIFICATIONS
