

R3G250 Series

Motorized Impeller

Ø 250mm Backward Curved EC-Systems™

- Backward curved centrifugal fans feature extremely long blades. These impellers are highly resistant to dirt and dust. Their hydraulic efficiency is very high.
- Impeller completely made of sheet steel.
- Special external electronics are required for commutation, speed control and speed regulation. This remote drive and control unit must be ordered separately. Accessory part number: CHW050-AA01-7*.
- 110 VDC nominal voltage on request. Cable exit: variable. Direction of rotation is CW as seen from intake side.
- UL and CSA approvals on request.
- Recommended inlet ring: 96359-2-4013.
